Water and Wastewater Management Insurance Program

In today's complicated business world you need strategic partners with knowledge and expertise in the issues you face - in *your* industry.

Our Wastewater Management insurance team has the experience, dedication and partnerships with key industry associations necessary to understand the integrated supply chain of your business and the risk involved at each stage. Our goal is to provide expert counsel and advice to help your business become more successful.

Standard Coverages include:

- **Commercial General Liability**
- **Errors & Omissions Liability**
- **Umbrella Liability**
- **Automobiles and attached equipment**
- **Buildings, Stock & related equipment**
- **Contractors Equipment & Tools**

We also provide a number of value added services, including claims advocacy, transportation risk management, risk control inspections, property valuations and loss control procedure reviews. By establishing a balance between transferring risk and implementing risk control techniques, we help reduce costs and optimize your profitability.

We focus on one fundamental premise - we invest time to understand your business, reducing your total cost of risk, helping you build a better organization.

We Listen. We Think. We Deliver.

Lloyd Sadd is the accredited broker for the Alberta Onsite Wastewater Management Association & the Western Canada Onsite Wastewater Management Association.
